An Emperor Impossible For the United States.

A FRENCH newspaper suggests that if a man of genius, ambition and the will power of a Napoleon be born in America he would not find it a very hard task to effect a coup d'etat and create an American empire. This seems absurd to us, but to the observer of American affairs abroad it does not seem impossible. The French dwell upon the fact that the moneyed aristocrats desire the splendor of royal court and are not satisfied with money alone but want title. This is true of a few fools but the average American is commercial and if he wants title is willing to buy a lord, duke or baron for his daughter.

The dissatisfaction of the laboring classes is regarded both at home and abroad as a menace to our republic. But the average laborer is cognizant of the fact that under no other form of government would he have as much privilege as in the United States of America. Dissatisfaction is a trait humanity is heir to and no matter how ideal the government there would always be those who would find fault. The malcontent comes to America for redress, and finds much more latitude allowed him here than in his own European country, yet he is dissatisfied.

The republic is a form of government which bestows the greatest good on the greatest number, but there are those who believe the minority should be protected. Every man is a free agent, however, and it is up to him to be of the majority unless he be incompetent, in which case he is provided for under the laws of the land. That there are some discontented with our government does not warrant the French fears of our becoming the subjects of an Emperor. To effect a coup d'etat like that of France on November 9, 1799, conditions in America would have to differ radically from those prevailing at present. We all concede to day that "it is better for a nation to make mistakes in the course of its self government than to be ruled, be it ever so wisely, by an irresponsible monarch."

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

Doctor CUPID.

One of His Prescriptions.

THAT Love sometimes cures disease is a fact that has recently been called to the attention of the public by a prominent physician and college professor. In some nervous diseases of women, such as hysteria, this physician gives instances where women were put in a pleasant frame of mind, were made happy by falling in love, and in consequence were cured of their nervous troubles—the weak, nervous system toned and stimulated by little Dr. Cupid—became strong and vigorous, almost without their knowledge. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of. She may be ever so much in love, but Dr. Cupid fails to cure her. In such cases the body is not sound—the nervousness and other symptoms are telegraphed all over the body by the nerves (which is the telegraphic system of the human body) because the weak spot demands attention. In ninety-nine per cent. of these cases it is the womanly organism which requires attention; the weak back, dizzy spells and

black circles about the eyes, are only symptoms. Go to the source of the trouble and correct the irregularities, the drains on the womanly system and the other symptoms disappear. This can be done easily and intelligently. So sure of it is the World's Dispensary Medical Association, proprietors of Dr. Pierce's Favorite Prescription, that they offer

A \$500 REWARD

For women who cannot be cured of leucorrhoea, female weakness, prolapsus or falling of womb. All they ask is a fair and reasonable trial of their means of cure.

Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century. From this fact it will readily be seen how utterly foolish it would be for them to make the above unprecedented and remarkable offer if they were not basing their offer on curative means having an unparalleled record. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out" as the saying goes, on such a proposition. But they know whereof they speak. They have the most remarkable record of cures made by this world-famed remedy ever placed

to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such remarkable curative properties as would warrant its makers in publishing such a marvelous offer as is above made in the utmost good faith.

\$3,000 FORFEIT

Will also be paid if they cannot show the original signatures of the individuals volunteering the testimonials below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"I want to tell you of the great improvement in my health since taking your 'Favorite Prescription,'" says Mrs. H. S. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having my health again. Could not sit up all day. I noted a great improvement before the first bottle was used. Was suffering with almost every pain that a woman is subject to—had inflammation of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription,' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired."

Mrs. Effie Walls, of Chelsea, Mich., says: "It is with pleasure I write to you of the benefits I have received from Dr. Pierce's Favorite Prescription. For about two years I felt completely tired out, was thin in flesh, skin yellow, had no ambition. Some eight months ago I took a severe pain in my back. Had read so much about your 'Favorite Prescription' thought I would try it. I purchased one bottle and it helped me so much I have now taken over three bottles. My heart don't bother me and I feel well all the time. Your 'Prescription' is the best medicine ever tried. I wish I could get all sick and weak persons to try it."

Mrs. Martha D. Bruce, of Rochester, Wash., writes: "I will enclose the amount of stamps in payment for your valuable book 'The Medical Adviser.' I prize it above books; I would not be without one. I also prize your medicines very highly for the good I have received. I am sure the 'Favorite Prescription' carried me through a critical period when I do not think a doctor could have saved me. I have recommended it to other sufferers far and near. I am so glad for such blessings as your medicines, and hope you may live long and enjoy the blessings of your labors and the sunshine of God's love."

"If my testimony is any good to you, you are welcome to use it."

CANNOT BE FOUND.Strange Disappearance of
James Doyle, Brother
of Mrs. Julius Poppe

A brother of Mrs. Julius Poppe has mysteriously disappeared from his San Francisco home and Mrs. Poppe expresses grave fears for his safety. He left his wife and six children a week ago Monday to participate in the Labor Day parade. Since then nothing has been seen or heard of him.

The missing man's name is Doyle and he was the President of the Cornice Makers' Union of San Francisco. He is a cornice maker by trade and his union has been out on a strike lately and there has been considerable dissension between the union and non-union workers in that craft. Doyle became involved in the controversy and his enemies openly boasted that they would fix him. On this account his family are more worried over his failure to return home. They telephoned to Oakland, where the missing man formerly resided, and to Bodega, this county, where he had relatives, but nothing had been seen of the absent father and husband.

Mr. Doyle is Mrs. Julius Poppe's only living blood relative and she went to San Francisco Tuesday morning to aid his family in the search for a clue as to his fate. The missing man is about fifty-five years of age.

Voters, You Should Register Without Delay

All voters should register at once as the 28th of September is the last day upon which one can enter his name upon the great register of the county in order to vote at the Presidential election in November. Voters should pay particular attention to registration this campaign. In Sonoma county there are about 10,000 voters. Of these 6,000 only have registered. Are you one of the careless 4,000 who have not registered? If so it behooves you to get busy.

City Tax Levy Fixed

The City Trustees met in special session last Monday night and fixed the city tax levy for the year 1904-5 at 75 cents on the \$100 of valuation. Fifty cents goes into the new city hall fund and 25 cents into the general fund.

A. Mazza, who had been cited to appear before the Board and show cause why his saloon license should not be revoked, was present. No one appeared against him, however, and nothing was done in the matter and Mazza heaved a sigh of relief as big as Sonoma mountain at getting off so easy.

Geisselmann Wants Water Supply

Albert Geisselmann of Agua Caliente has brought suit in the Superior Court of this county against one Baker from whose place he and his predecessors have been getting their water supply for the past fifteen years. Baker, the plaintiff alleges, plugged his pipes and cut off the domestic water supply and thereby damaged him to the extent of \$1,200. An order of court is asked to compel the defendant to let the water flow and restraining him from further interfering with the water pending a judicial settlement of the dispute.

Wedding in St. Francis' Church

Sunday morning at 9:30, in St. Francis' Church, Miss Annie Castagnasso, the pretty and popular daughter of Mr. and Mrs. Henry Castagnasso, became the bride of August Clerici, a highly respected young business man of San Francisco.

The ceremony was performed by Rev. Father Leahy in the presence of many friends and relatives of the young couple. The bride wore a handsome gown of white silk trimmed in lace and a veil with orange blossoms. She was attended by her sister, Miss Amelia Castagnasso, as bridesmaid, who wore white crepe de chine. The bride's bouquet was of white carnations. The best man was a brother of the groom.

After the ceremony there was a wedding breakfast at the bride's home, after which the bride changed her wedding gown for a handsome brown traveling suit, with which she wore a white plumed picture hat.

Mr. and Mrs. Clerici departed on the 6:30 p. m. train for Southern California, where the honeymoon was spent.

They will reside in San Francisco.

Vandalism

Saturday evening the Yale lock on the "red gate" leading into the Daily Vineyards was broken and rendered useless. The lock was so injured that it could not be opened and made it impossible for those who had the right of way through the premises to get in or out and greatly inconvenienced traffic for several hours. Not content with rendering the lock useless the fence alongside the gate was torn down, evidently by the same parties who had tampered with the lock, and indications point to a wagon having been driven through the enforced entrance into the vineyards and a load of grapes pilfered.

Win. H. Daly, the owner of the vineyards, offers a reward of \$50 in these columns for information that will lead to the arrest and conviction of the guilty parties. The reward money has been placed in our hands to pay the informant as soon as the evidence that will lead to conviction is forthcoming.

Spirains

S. A. Read, Cisco, Texas, writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 2c, 50c, \$1. Sold by L. S. Simmons, prescription druggist, Sonoma, Cal.

A COWARDLY AND
BRUTAL ASSAULTFelice Clerici, the Victim,
Badly Beaten—Assailants
Fined \$150.

Felice Clerici of El Verano was set upon and frightfully beaten in his place of business on Friday night of last week by John Geboli and Frank Pedromalli of Kenwood. The assault was as cowardly as it was unprovoked. They took their victim unaware, smashing him in the face with a large rock. The blow knocked Clerici down, broke his front teeth and cut an ugly gash in his cheek. He was rendered unconscious. His assailants then assaulted him with renewed fury, jumping upon and stamping the prostrate man, who was powerless to defend himself. In this attack his ribs were broken and his body fearfully bruised. Leaving their victim more dead than alive the cowards made their way out of the premises and returned to Kenwood.

A warrant for the arrest of Geboli and Pedromalli was sworn out Saturday morning in Judge Small's court and placed in Deputy Sheriff Ryan's hands. Armed with the warrant the officer drove to Kenwood, arrested the men and haled them before Judge Small in the afternoon.

Clerici was unable to leave his bed to testify against his assailants, nor was it necessary for him to do so, as Geboli and Pedromalli, thinking to escape with a light fine, pleaded guilty to simple assault.

The fine imposed upon them by Judge Small, however, was not to the liking of the accused, and instead of being \$10 each, as they anticipated, his honor sentenced each to pay a fine of \$75 or go to jail for seventy-five days.

Immediately after the fine was imposed, accompanied by an officer, the prisoners succeeded in raising the \$150 necessary to secure their freedom. The amount was then paid over to the committing magistrate and they were released from custody.

Jimmie Weems, the ice man, was here Thursday. Jimmie talked "hoss" while here, and says that his nag would have been a winner at the Sonoma race meet on September 9th had he possessed more wind and hauled less ice.

J. H. Weise, candidate on the Republican ticket for Supervisor, was in town Monday. Mr. Weise made a favorable impression on our people, and having been one of the best Deputy Sheriffs that Sonoma county has had, would no doubt make a good Supervisor.

Louis Chance, employed as a painter in the Union Iron Works, San Francisco, spent the early part of last week in this place. While here he registered for the coming election. He says that a straight Republican vote looks good to him.

George Laux, the popular brakeman on the California Northwestern Railway, passed through here Thursday. George looked gorgeous in a brand new pair of kid gloves and held the ribbons over a trotter that looked like Lou Dillon. It was no wonder he was taken for a capitalist by the summer girls as he drove through town.

The coming election is the all-absorbing topic in this burg. The office of Supervisor is being discussed and more interest taken in the contest between candidates Hart and Weise than in the Presidential battle between Teddy Roosevelt and Judge Parker. The local bosses have got their little hatchets out while the quiet, sneaky politicians of the town are doing the secret act. "Hooligan" has no pick, and all he has to say is may be the best man win.

Mrs. John Baines returned from the metropolis Wednesday evening.

Walter Murphy, the well-known contractor of Sonoma, was in town Tuesday.

Miss Louise Nager and sister are up from the metropolis and will spend a few weeks at the El Verano Villa.

Miss Emily Murdock and Miss L. Golden of San Francisco spent Admission Day in this place.

J. Baines is lying very ill at St. Luke's Hospital, San Francisco. His many friends here hope for his rapid recovery.

H. Laux, the well-known saloon man of Sonoma, was in town Thursday shaking hands with his many friends here.

O. W. Nordwell, who has a productive ranch near here, shipped several carloads of pears to San Francisco this week.

The regular Saturday night hop will be given at El Verano Villa. Ghiradelli's orchestra, as usual, will furnish the music.

Thos. H. Baines, our local real estate man, has moved into his new residence. The cottage, which was built by the Murphy Bros., is a credit to the town.

Ralph Ent of this place has a race horse that made a mile in 2.10 one day last week. Mr. Ent says that the horse's name will be kept a secret until he enters him in the next horse meeting in Sonoma.

Jimmie Weems, the ice man, was here Thursday. Jimmie talked "hoss" while here, and says that his nag would have been a winner at the Sonoma race meet on September 9th had he possessed more wind and hauled less ice.

J. H. Weise, candidate on the Republican ticket for Supervisor, was in town Monday. Mr. Weise made a favorable impression on our people, and having been one of the best Deputy Sheriffs that Sonoma county has had, would no doubt make a good Supervisor.

REPUBLICAN RALLY
THE COMING EVENTHon. Duncan McKinlay and
Hon. Jas. McLachlan
the Speakers

The Republicans of this valley are going to make the opening meeting of the campaign in this place a big success on the evening of Monday, September 26th. It is seldom that a candidate is so popular and well liked as Duncan E. McKinlay, the Republican nominee for Congress, and it is seldom that such interests are at stake as the improvement of Sonoma creek, which will depend in a great measure on the recommendation of Hon. Jas. McLachlan, who will be here with Mr. McKinlay and deliver an address. Mr. McLachlan will size up Sonoma's desire for creek improvement by the reception that is accorded him, so every one should turn out and give McKinlay and McLachlan a rousing welcome. Both gentlemen are fine speakers and are sure to be interesting and entertaining.

The contract has been let for a fine two-story building to be built on Napa street adjoining Poulson's blacksmith on the west. Chas. Dal Pogetto will erect the building, which will be of stone and terra cotta. J. T. MacQuiddy secured the contract for the woodwork, plumbing, etc., while E. Allemanno was the successful bidder for the stone work.

The building, which will be 31x60 feet, will be built for two stories on the ground floor and a number of offices on the upper floor. This improvement is another addition to the building boom Sonoma is enjoying at the present time. Chas. Dal Pogetto, the owner, has invested largely in town property the past two years and is one of our most enterprising citizens.

New Game Ordinance

The Supervisors have passed a new game ordinance. The number of quail or duck which may be killed by a hunter in one day has been reduced from fifty to twenty-five birds. The open season for duck and quail is from October 15 to February 1st. The deer season was extended from six weeks to two months, to go into effect next year.

Grape Crop Injured

The grape crop has been more or less injured in this valley by the prolonged spell of hot weather the present month. The hillside vineyards suffered more than those in the valley. The grapes were literally coked in some places and the Tokay variety were injured the most.

Leland Ramsdell, who has just returned from Boston and New York, visited at Orange Lodge, the home of the Granices, Saturday and Sunday. He was accompanied by a young friend, N. Faxon, from Boston.

Hunts Bear With Limburger

Bud Crane, the popular conductor on the main line of the California Northwestern and at one time conductor on the Sonoma Valley branch of that road, is hunting in the wilds of Mendocino county. During his absence Mrs. Crane will be the guest of her sister, Mrs. Jas. Smith of Occidental. It is said that just previous to leaving for the hunting grounds Bud purchased a quantity of limburger cheese in Santa Rosa for the purpose of baiting his bear traps.
